

Gilbert Consulting Services Inc. is a national award-winning search and placement firm that specializes in placing top talent in the Electronics Manufacturing Services (EMS) industry (20+ years).

Our client company is a prestigious Electronic Manufacturing Services (EMS) provider that has an urgent need for a **Program Manager**. This company is one of the fastest growing EMS companies in its region, experiencing nearly 300% revenue growth over the last 5 years! The local area features beautiful weather and an abundance of activities for the outdoor enthusiast, while still within close proximity to a major metropolitan city and an international airport. The company provides EMS solutions to a wide variety of diverse industries including Medical, Industrial, Defense, Aerospace and Consumer markets. The company is financially very strong, with minimal debt, a huge backlog of existing business and several major customers on long-term agreements! If you are looking to join a successful company with excellent career growth potential, this is a great opportunity for you!

As a **Program Manager** you will manage several customers' programs and oversee all processes to ship completed products and assemblies on time and within budget. You will be the relationship manager for key global accounts serving as "the voice of the customer." Additional responsibilities include leading cost savings, inventory control, planning and continuous improvement events, which support efficiency improvements for both customers and the company. This position works closely with sales and marketing, mining organic growth opportunities within accounts.

The qualified candidate for **Program Manager** MUST have:

- \* Experience working in the Electronics Manufacturing Services (EMS) industry.
- \* Extensive experience in Program Management, Account Management, and/or Project Management.
- \* Experience with Military and/or Aerospace companies and products desired.
- \* Proficiency in supply chain and MRP/ERP tools, especially Microsoft Access.
- \* Familiarity with printed circuit board assembly and electro-mechanical manufacturing processes.
- \* BS Degree desired (Technical).

If you know someone who meets the qualifications for **Program Manager**, please contact **Max at (724) 695-2814** or by email at [Max@gcservices.com](mailto:Max@gcservices.com).

Best regards,

Max Malle
