

Gilbert Consulting Services Inc. is a national award-winning search and placement firm that specializes in placing top talent in the Electronics Manufacturing Services (EMS) industry (20+ years).

Our client company is a prestigious Electronic Manufacturing Services (EMS) provider that has an urgent need for a **Quality Engineer**. This company is one of the fastest growing EMS companies in its region, experiencing nearly 300% revenue growth over the last 5 years! The company provides EMS solutions to a wide variety of diverse industries including Medical, Industrial, Defense, Aerospace and Consumer markets. The company is financially very strong, with minimal debt, a huge backlog of existing business and several major customers on long-term agreements! If you are looking to join a successful company with excellent career growth opportunities, this is the opportunity you have been looking for!

In the position of **Quality Engineer** you will have multiple responsibilities to ensure the manufacturing process produces product that meets or exceeds the customer's expectations. You will implement and improve internal quality processes and systems, establish and monitor quality metrics and objectives. As a Lean practitioner, you will participate in Kaizen/Continuous Improvement events in support of world-class quality standards. You will interface with the customer and internal groups to identify and resolve quality issues.

The qualified candidate for **Quality Engineer** MUST have:

- * Experience working in the Electronics Manufacturing Services (EMS) industry.
- * Experience working in a Quality Engineer role.
- * Experience working with ISO 9001, 9100 and 13482 certifications desired.
- * Knowledge and experience with Process Analysis (measurements, flow diagrams, cause & effect, Pareto Diagrams, Histograms etc.)
- * Experience with Six Sigma, Statistical Analysis, and Lean Principals.
- * BS Degree and Green/Black Belt Certification desired (Technical).

If you know someone who meets or exceeds the above qualifications for **Quality Engineer**, please have them E-mail a resume (in complete confidence) to:

Gina@gcservices.com

Please forward this E-mail to anyone you think may be qualified for this position!

Best regards,
